Send forth for M.D. Nasiru:

BUK Becomes a Mother Institution - Registrar

Bayero University, Kano is not only a premier institution but also a mother citadel of learning in the country, producing Vice Chancellors and Registrars who nurture other Universities.

This was disclosed by the Registrar, Alhaji Sani Ibrahim Amin, MNIM, while speaking at a send forth organized in honour of Malam Muhammad Danlami Nasiru, the University's former Director, General Administration, recently appointed pioneer Registrar of the Jigawa State University, Kafin Hausa.

The Registrar, Sani Ibrahim Amin (first right) presenting a gift to the former Director, General Administration, now Registrar, JSU Kafin Hausa, M.D. Nasiru while Director VC's Office, Barrister Abubakar S. Umar watches with keen interest.

He said BUK's leading role did not begin today, adding that credit must be given to its past and, above all, present leaders who have worked tirelessly to reposition, upgrade and transform the university through honest, sincere and transparent leadership.

Alhaji Sani Ibrahim Amin, therefore, charged the new Registrar to carry the flag of BUK very high in his new place of work, adding that "the Muhammad Danlami Nasiru I know is not only equal to the task but his competence, sincerity, honesty and strict observance of University's rules and regulations are enough to make him succeed in his new challenging assignment."

He said the send forth was organized by staff of the Registry Department to say "thank you" for the services he rendered to the university and to wish him success in his new job.

The Registrar said when M.D. Nasiru joined BUK in 1999, he worked directly with him and before his latest appointment he was working closely with him as the Director, General Administration. "I stand in the best position to assess his competence and performance. based on what I know of him, M.D. Nasiru is a committed, open-minded, straight-forward, sincere and transparent administrator, who deserves the post of a Registrar," he stated. He wished the new Registrar successful tenure of office and Allah's guidance.

Three Directors, Alhaji Sabo Mijinyawa in the School of Postgraduate Studies, Alhaji Muhammad Sani Amin, Directorate of Establishment Matters and Barrister Abubakar Sadiq Umar of the Directorate, Vice- Chancellor's office, who also oversees the Directorate of General Administration, showered encomiums on the new appointee, whom they described as a "workaholic" who not only deserved the appointment, but merited it.

They said one unique feature of M.D. Nasiru is knew his job very well and that he was always willing to accept corrections not only from his colleagues but also from subordinates, adding that was one of the secrets behind his success in his career as an astute university administrator.

Responding, Malam M.D. Nasiru thanked the Registrar, his colleagues and all the staff of the Registry for the honour, saying that he was short of words to describe how grateful he was for all the support and assistance he enjoyed in the course of carrying out his duties.

The new Jigawa State University Registrar promised to always project the image of BUK wherever he found himself, saying that he would bring to bear all the experiences and lessons he learnt while serving in BUK. He dedicated the honour done to him to his colleagues.

FRSC Trains BUK Drivers

The Bayero University in collaboration with Federal Road Safety Corps (FRSC) has conducted a three-day professional drivers training for drivers of the University.

Speaking at the opening ceremony, on Tuesday, 30th June, 2014, the Registrar,

Alhaji Sani Ibrahim Amin said the university organized the training to ensure safety and perfection among drivers, which will go a long way in reducing road accidents.

Kano ACC, Christopher Haruna Kuje (l), Director VC's Office, Barr. Abubakar S. Umar (m) & Staff Training Coordinator, Hajiya Halima Hayat during the training of Drivers at Musa Abdullahi Auditorium

Represented by the Director, General Administration, Barrister Abubakar Sadiq Umar, said the university is training and retraining staff in their respective professions in an effort to achieve maximum result.

He said the university management wanted attitudinal change and improvement on driving, saying that the Federal Road Safety Corps was identified as the best organ to conduct such a training, pointing out that the university would continue to sponsor training of teachers, administrators and other staff to ensure quality performance.

The Assistant Corps Commandant, Christopher Haruna Kuje, expressed concern that Nigeria has the second highest road crash record in the world behind Ethiopia, noting that the reason why Ethiopia was placed first was because it records all sorts of accidents contrary to what is obtained in

Nigeria where many accidents are not recorded.

He said the training, with the theme “Safety is not Automatic: A Trained and Retrained Driver is the Key” would go a long way in acquainting the drivers with methods and strategies of safe driving, including the type of diet the drivers are expected to observe, more especially the aged ones.

Kuje said there was no single day when road crashes will not occur in Nigeria, saying “in Sweden three accidents were recorded in one year and that prompted authorities to organize a stakeholders’ conference to be able to avert reoccurrence of such accidents.”

He also said records available show that the more new roads are constructed in Nigeria the higher the number of accidents recorded. He urged all people driving on the highway to keep a first aid box in their vehicles for assisting accident victims.

Kuje said drivers must change their attitude on driving to be able to reduce the rate of accidents, appealing to motorists to desist from using second hand tyres, over-speeding, and all other actions that will cause accidents, because in Nigeria road crashes claim more lives than clinical diseases and civil strife, put together.

He said “in Nigeria today there is no family that has not been touched by a road accident, we must avert this, people do complain of bad roads but the moment new roads are constructed the rate of accidents skyrocket.”

Old Campus Forces New Campus 2 – 2 in Friendly

In what turned out to be a show of skills of Bayero University staff football players last week, the New Site team engaged the Old Site team in a football friendly match.

The match was conducted in an atmosphere of friendliness and fitness among the over 60 academic and non-teaching staff, who came to the Old Site football field to play the match.

New Campus scored two goals in the first half through Murtala Abubakar of Student Affairs, but Old Campus equalized all the goals in the second half, thanks to strikes from Umar Garba Gwale (ICE) and Malam Shu'aibu Baba Ahmed (Yaro) of the Staff Primary School. The match ended 2 – 2.

The Chief Coach of the Staff Team, Dr. M. Y. Waziri expressed happiness over the match which featured staff from all the university campuses.

The match was played in such a way that staff from ICE and AKTH represented Old Campus.

Director Security Issues Alert

The University Director of Security, Col. A. A. Mohammed (Rtd) has issued an alert dated 1st July, 2014 as follows: “Following the general state of insecurity in the country and the world at large, it has become

necessary to remind members of the University community on the need to be extra vigilant and cooperate with the University Security personnel, especially in the implementation of some of the measures adopted to check the state of insecurity. Members of the University community are please requested to bear with the new security arrangements instituted to guard against any unwarranted happening.

“In case of long queue at the main gate (New Site), staff may wish to use the ‘C’ Gate along Gwarzo Road, popularly known as “Tsamiya Gate” to come into the Campus during peak hours.
