BUK's Physiotherapy Amongst the Best in Nigerian Varsities - MRTB

The Medical Rehabilitation Therapists Registration Board of Nigeria (MRTB) says it is overwhelmed by the tremendous support and attention Bayero University accorded the Medical Health Science, describing the Vice-Chancellor as a visionary leader who posterity will definitely be kind to.

The Board was in Bayero University to carry out its routine accreditation exercise on Physiotherapy programmes last week.

The leader of the accreditation team, (Col.) Dr. Paschal Mogbo said in spite of the fact that the Vice-Chancellor, Professor Abubakar Adamu Rasheed, *mni*, MFR is not a Professor of Medicine, yet the attention and unwavering support he accorded medical health science was so overwhelming and highly encouraging and deserved commendation.

He said the Board had visited several universities in the country for its routine accreditation exercise, but 'we have not seen any university that can compare favourably with BUK in terms of infrastructural development and academic transformation. We believe posterity will judge you positively.'

Dr. Paschal added that Physiotherapy was definitely not a young programme in BUK if the kind of infrastructure, facilities and equipment 'we saw on ground is to be taken into account,' adding that 'in the course of carrying out accreditation exercise across universities in the country, we often come across products of BUK,

this goes to confirm to us that Physiotherapy has found its deep root in BUK,' he remarked.

He said the accreditation exercise embarked upon by the Board was not done with the aim of witch-hunting any institution, but was a kind of peer review exercise aimed at maintaining and sustaining standards in line with global best practices, urging all and sundry to take it as such.

Responding, the Vice-Chancellor, Professor Abubakar Adamu Rasheed told the team that 'we in BUK are running a new and young Physiotherapy programme. Though we are young, but we are at same time very ambitious, not just being ambitious, but ambitious to do the right thing,' saying that 'we hope with your support and constructive criticism, we shall move ahead and reach the promise land with less stress,' he stated.

Wednesday Noon: Deadline for Bulletin Materials

The Publication Division reminds all that Wednesday noon is the deadline for all materials meant for inclusion in the Bulletin for that week.

Therefore, all materials for inclusion in the Bulletin should reach the Registrar, earlier than Wednesday. Only routine announcements of seminars and appreciation messages should be sent directly to the Publication Secretary.

The Vice-Chancellor said BUK cherishes routine accreditation exercises, because according to him, it always gingered them in "righting the wrongs" observed, adding that

‘without such serious peer review, there will not be standards, and once there is no standard our graduands will not only be left behind, but will also not be able to rub shoulders with their contemporaries anywhere in the world,’ he explained.

MAY CDD UPDATE:

Review of Conference Attendance Sponsorship Guidelines

****Two Applicants Per Department Limit at Same Conference* No Deliberation Without Representation.***

Further to the correspondence dated 16th April, 2015 regarding the above subject, the Committee of Deans and Directors (CDD) had during its 144th meeting held on 14th May, 2015 deemed it necessary to regulate the large submissions of applications by the staff

attending the same conference from one department. This is in consideration of the limited fund approved for disbursement for conference attendance in a month and the need to encourage the staff to be attending different conferences. Based on that, the committee decided that, henceforth, it would not consider more than two applications for staff attending the same conference from a department.

A circular from the CDD Secretariat signed by Haruna Aliyu said 'meanwhile, for fair presentation and deliberation of all applications, the committee appealed to all Deans/Directors of all Faculties/Institute/Centres to be attending the Committee's regular meeting as scheduled for presentation of the submission from their respective Faculties/Institute/Centres. Thus, it has been resolved that the CDD will not consider any submission from the Faculties/Institute/Centres that has no representative at the Committee's meeting.'
