

College of Health Sciences Organises Inter Faculty Soccer Tourney

All work and no play makes Jack a dull boy, so the adage says. In line with the above statement, the College of Health Sciences has recently organised students' inter-faculty friendly football competition.

The tournament was carried out during the weekend. The four Faculties of Allied Health Sciences, Basic Medical Sciences, Clinical Sciences and Dentistry competed in a round robbing event, which was, indeed,

DVC (Admin), Prof. Adamu I. Tanko being assisted in holding the trophy, while Provost, CHS, Prof. S. Alhassan (2nd right) watching

exciting and proved to be a memorable one.

The Provost of the College, Professor Sani Usman Alhassan, who spoke at the commencement of the competition, said the tournament was basically organised to create friendship, harmony and understanding among the staff and students of the College in addition to providing physical exercise for healthy souls and bodies.

He reiterated the determination of the management of

the College to be organising periodic sporting activities among its staff and students, pointing out that physical exercise is a necessary ingredient for a healthy body, which will go a long way in paving way to good learning.

The Provost offered the medical advice that people should try to engage in regular physical exercise of their bodies, which, he said, is a pre-condition for healthy living. However, he said the essence of this competition was not in any way to divert students from their studies but to make them feel relaxed.

The Vice Chancellor, Professor Muhammad Yahuza Bello, who was represented by the Deputy Vice Chancellor (Administration), Professor Adamu Idris Tanko, commended the foresight of the College for organising the tournament.

Professor Tanko said the University management is always ever ready to support and encourage any faculty, department or centre to organise such friendly sporting events which go a long way in promoting culture of unity and togetherness. He expressed delight at the peaceful and friendly nature of the events.

The final match was played on Saturday, 3rd March 2018, between the Faculty of Clinical Sciences and that of Basic Medical Sciences in which the former emerged victorious to clinch the trophy, when it had beaten the latter with a lone goal.

The winner, Faculty of Clinical Sciences, took the College Cup and participants were given plaques and certificates. The Competition was attended by the Principal officers of the College and other lecturers as well.

Nominations for Commonwealth Master's Scholarships at University of Malta

The Commonwealth Scholarship Committee has requested for a nomination from the University for a Master's degree programme at the University of Malta, commencing in September 2018. We are one of only two West African Universities requested to make the nomination – and the only one in Nigeria.

This is to request you to pass the information to interested staff members in your unit. Considering that

the University no longer employs Graduate Assistants, highly qualified graduates of the University (e.g. those with First Class) may also be considered.

The attached documents provide additional information about areas of study, the admission requirements, details about the scholarship, instructions to the candidates and conditions of selection and cost of living in Malta. Also attached is a copy of the application form.

Those interested in being nominated should study the

attached documents and complete the application form. An e-copy of the application form is available at <https://www.acu.ac.uk/scholarships/commonwealth-scholarships/university-of-malta-a>. Those interested may need to visit the websites listed on some of the

documents for additional information.

Interested candidates should then submit the completed application and copies of all required documents to the Deputy Vice-Chancellor (Academics) not later than Wednesday 21st March, 2018.
