

Council Extends Tenure of Acting Registrar, Jamil Salim

By Lamara Garba

The Governing Council of Bayero University, Kano has approved the extension of the tenure of the Acting Registrar, Malam Jamil Ahmad Salim, for another three months from 16th September to 16th December, 2021.

The Council, according to a statement signed by Malam Sheriff Ahmed, the Deputy Registrar in the Vice Chancellor's office said it took the decision at its maiden meeting held on Monday, 6th September, 2021 and explained that the extension was to enable it to conclude the process of appointing a substantive Registrar.

"Following the expiry of his six month tenure as Acting Registrar on 15th September, 2021, the 14th Governing of Bayero University, Kano has, at its inaugural meeting held on Monday, 6th September, 2021, extended the tenure of the Acting Registrar, Malam Jamil Ahmad Salim, for another three months-from 16th September to 16th December, 2021," said the statement.

According to the statement, the Governing Council had set the machinery in motion for the appointment of a substantive Registrar. "The Council hopes to conclude the process at its next meeting," it added.

It could be recalled that the 13th Governing Council appointed Malam Jamil Ahmad Salim as the Acting Registrar for six months in March 2021.

Why America Withdrew from Afghanistan

...Prof Abubakar Jiddere

By Nura Garba

The United States of America pretended to be launching a successful war against the Taliban and Al-Qaeda in Afghanistan for twenty years, while the country was apparently suffering a colossal damage of human and material resources.

This was part of the submission of Professor Abubakar Jiddere of Political Science Department who

presented a lecture, titled: "*Afghanistan: the United of America's Invasion and the Return of the Taliban*" in the maiden public lecture, organized by the Faculty of Social Sciences on Tuesday, 28th September, 2021 at Musa Abdullahi Auditorium.

Professor Jiddere averred that the conflict of supremacy, power and resources control between America and

Russia was what led the invasion of Afghanistan by the US, saying that Russia was the first to invade the Afghanistan and America, at that time supported the Taliban with weapons, training, intelligence and other humanitarian logistics.

He said many Afghans were trained in the US to the extent that the strategic unit of America's CIA was moved to Pakistan, saying that after the Russians withdrew, the Taliban established their own government as the Islamic Emirate of Afghanistan with strict compliance to Islamic Law and the Shari'ah.

“Despite the support they enjoyed from the US, the Afghans decided that all super powers should move out from their territory to pave the way for Islamic government to be established. So, when the Pentagon was attacked, America fingered the Taliban as the prime suspect and Osama Bin Laden was said to be the mastermind,” he said.

According to him, “Osama Bin Laden as the leader of Al-Qaeda was in cordial relationship with the Taliban regime and when America demanded the Taliban to hand-over Bin Laden, they refused. As such, America invaded the Afghanistan with weapons of mass destructions such as 30 units of B52 Bomber. One B52 Bomber has 112 engineers and can spend 30 days on the space without landing. The US also deployed marines into the Indian Ocean.”

Prof. Jiddere explained that Joe Biden, the current American President, concentrated in fighting the global economic dominance of China. That was why he approved for the withdrawal of US from Afghanistan because of the huge economic damage suffered as a result of the war.

He added that despite the 20 years of bombing and killings, the structure of the Taliban remained intact, saying that it took them less than ten days to put things into proper perspective after the US withdrawal.

The discussants, Dr. Sa'idu Ahmad Dukawa and Alhaji Hamisu Isa Sharifai, both showered their anger on the war against Afghanistan.

According to Dr. Dukawa said America invaded Afghansitan for political reasons, economic reason, racial dimension, religious aspects and geographical factors. He further stated that what America forgot was that Afghanistan had contact with Greece and Roman civilization and survived their incursions, adding that

most of the Prophets came from that region even when the US was non-existent.

On his part, Alhaji Hamisu Isa Sharifai, a graduate from London Business School, said America lost over \$2 trillion in the war against the Taliban and Al-Qaeda with \$300m spent on a daily basis for 20 years.

The economic repercussion, is that, America borrowed the money and must pay \$6.5 trillion, which would be scooped up from taxes to be paid by 2048. “The budget of America is \$6.1 trillion,” he added.

Alhaji Sharifai said the war cost the lives of 38, 048 American people, 66,000 Afghan military and Police, 1, 144 Allies of US, 47, 245 Afghan civilians, 51, 191 Taliban and supporters, 444 aid workers and 72 journalists.

He further said that the implication to Nigeria was that Boko Haram was created to help the weapons manufacturers in western countries to have huge economic dominance in Nigeria, so that there would be proliferation of arms, smuggling by terror groups and the importation by the government.

He urged the Nigerian government to critically analyze the Afghan experience with a view to taking drastic measures to address the myriad security challenges bedeviling the country.

The Dean Faculty of Social Science, Professor Ahmad Muhammad Tsauni, had earlier said that the decision to revive the public lecture was borne out of the dearth of intellectualism in academia which they intended to bridge.

The Chairman of the occasion and the University Librarian, Dr. Musa Audu Auyo, said it was part of the University's culture to organize the public lecture. He commended the Faculty for the move to complement the effort of the University to revive the trend.

Earlier in his remarks, the Chief Host and the Vice Chancellor, Professor Sagir Adamu Abbas, who was represented by the Director Academic Planning, Professor Haruna Musa, said the choice of the topic was apt as it would reveal the clearer picture of America's invasion in Afghanistan. He described Professor Jiddere as a renown scholar of international politics and an expert who really deserved to present such a topical lecture of interest.

Workshop of Tannery Waste Management

This is to invite members of the University community to a two day Capacity Building Workshop on Tannery Waste Management, jointly organized by Bayero University, Kano, GB Tannery, Royal Academy of Engineering, UK and Kano University of Science and Technology, Wudil.

Theme: *Application of Anaerobia Digestion Technology to Treat Tannery Effluent.*

Date: 2nd and 3rd October, 2021

Time: 10:am daily

Venue: Aminu Kano Centre for Democratic Studies, Mambayya House

Welfare of Staff my Priority ... Prof. Sagir Abbas

By Rabi'u M. Sagir

The Vice Chancellor, Prof. Sagir Adamu Abbas, said improved welfare and career development of staff would remain the priority of his administration which was why he paid attention to the promotion exercise in order to developed confidence in staff.

Speaking on Friday, 17th September 2021 at the reception organized by the Department of Science and Technology Education in honour of Dr. Ali Idris and Dr. Isa Yahaya Bunkure at Old Senate Chamber, the vice chancellor said every staff of the university had an equal chance of being promoted to any desirable rank he deserved, as at when, due as witnessed in the last years promotion exercise. Every junior staff who further their education had been upgraded to the extent that many of them were left in a very big surprise which reflected positively in their dependents lives. It was one of the best legacies the current administration was trying to leave on any staff, especially the non-teaching, who pursued advance qualifications and would be upgraded as at the time, they submitted their results.

Earlier the Head of Department Science and Technology Education, Dr. Suwaiba Sa'id Ahmad, said the Department was ever ready to celebrate whoever had achieved any progress. "The Department enjoyed a good foundation that had been laid by senior members," she noted.

The Department of Science and Technology Education organized a reception in honour of two of its members of staff who were promoted to the rank of Associate Professorship. The celebrant was Dr. Isa Yahaya Bunkure,

who is also the Provost Sa'adatu Rimi College of Education, Kumbotso.

He said they were very much proud to be part of the Bayero University family, pointing out that the knowledge and training they acquired was what they transmitted in the respective institutions they were superintending.

The Dean, Faculty of Education and also one of the celebrants, Associate Prof. Ali Idris thanked the department for organizing the reception and also all those that attended the reception. He promised to redouble efforts towards making BUK great. He thanked all the members of the department without whose immense contribution and support he could not have achieved what he achieved today.

Bayero University Inducts 127 Doctors

By Mubashir Adamu

The College of Health Sciences Inducted new qualified doctors and dentists on the Friday, 24th September 2021 at Mahmud Tukur Theatre Old Campus (BUK).

The ceremony, marked as the 5th BDS and 20th MBBS in the college series, The Provost of the College, Prof. Ibrahim Adamu Yakasai in his welcome address described the event as a pride to Bayero University's current VC as it was his first time of graduating doctors both in Dentistry and

Clinical Science since he assumed office as the 11th Vice Chancellor of the University.

While responding, the Vice Chancellor, Prof. Sagir Adamu Abbas, who was represented by the DVC (Academics) Prof. Mohammed Sani Gumel, advised the inductees to consider the medical profession as a way of sacrifice not of money making. He also charged them to always remember that, they were from a citadel of learning, "which you feel through what you intricate. Let your society be proud of you and Nigeria at large."

Of the one hundred and twenty seven inductees, Dr. Aminu Salisu Haruna emerged as the overall best.

The medical elder, Dr. Adamu Bashir Yakasai, who congratulated parents for their support throughout the journey, also thanked the management of the University. Dr. Yakasai urged and admonished the doctors to use their profession and serve humanity, "Don't harm your patient and help individuals with all your capacity and don't discuss your patients issues with any one even your wife," he said.

The medical elder equally advised the new doctors to ask questions to their teaches, especially HODs during their

Some of the graduands taking the oath of allegiance

series and always transfer complicated cases to their nearest boss.

The Director General, Kano State Health Care Development, Dr. Nasir Alhassan Kabo, who represented the Kano State Governor, congratulated the new doctors, and also announced that it had upgraded more than 40% facilities in new Hospitals in four Emirate Councils in order to contribute and increase sustainability. "Also tell the doctors who are from Kano State that the Governor of the State, Dr. Abdullahi Umar Ganduje, OFR, approved the Appointment of the new doctors as in-house officers and they are advised to go and make documentation

immediately next week at the nearest hospital.

In his remarks, the Registrar (MDCN) Dr Bashir A. Yakasai, told the doctors to know their, gauge and limitation. They should face their work in collaboration with their seniors and always ask questions on what they didn't understand. "This is among the top secret that elevate us."

Despite magnitude of the country's problems we still have quality doctors. That is why Saudi Arabia took doctors among us, because there are dos & don'ts in the medical practice."

Payroll Unit Staff Organizes Reception for Retiring Deputy Bursar

By Sabitu M. Jinjiri

Staff of the University's payroll Unit have organized a send forth reception for the head and outgoing Deputy Bursar, Alhaji Abdu Musa Haruna, to show their appreciation of the leadership role he played.

The send forth event took place on 13th September, 2021 at the University's Bursary Department.

Speaking at the event, the outgoing deputy bursar, Alhaji Haruna, called on the bursary staff to keep the trend going. He also charged them to give the incoming deputy bursar the cooperation needed to move the University forward.

Alhaji Haruna said he had a feeling of fulfilment at the end of his service to the university and thanked Allah for giving him the power to reach the end of the journey.

Also speaking at the event, the incoming deputy bursar, Comrade Abdulmalik Yunusa, confessed that what he learnt after coming to the bursary section was far better than what he had learnt fifteen years before.

Comrade Yunusa described the outgoing deputy bursar as an encyclopedia of knowledge and prayed to Allah to guide Alhaji Haruna more, protect him and give him more health.

Highlight of the event was a presentation of souvenir and group photograph by staff of the unit with the outgoing deputy bursar, Alhaji Musa Haruna.

Be warned, Fire Kills: Some Fact About Fire

The first five minutes of most fire outbreaks is the determining factor as to whether the fire will remain as a mere emergency or become a disaster.

All fires are not the same but all fires start the same way- "small"

Some Fire Precautions

- Purchase a fire extinguisher and learn how to use it.
- Install an adequate number of fire extinguishers and service them every six months.
- Practice exit Drill in the home (EDITH) with your family.
- Ensure that your electrical installations are carried out by professionals.
- Always place your gas cylinder outside under the shade.
- Never allow children to play with matches.
- Where available, check your smoke /fire alarm systems

regularly.

- Never smoke in bed and dispose cigarette stubs appropriately.
- Comply with No Smoking rules.
- Insure the safety of your properties against fire.

In the Event of Fire Outbreaks

Raise an alarm by breaking the glass of the nearest fire alarm point or keep shouting FIRE! FIRE! ...FIRE! Keep shouting until everybody is out.

- Help the children and the physically challenged
- Try and extinguish the fire if it is safe to do so.
- Get out and remain outside
- Remember to close the doors behind you as you get out.
- Call the local fire service on any number in use; be conversant with the telephone number of the fire services closest to you.

SEMINARS

Department of Business Administration & Entrepreneurship: **Ph. D Management Proposal and Internal Defense**

Date: Thursday, 7th October, 2021

(1) Ph.D Internal Defense

Name: Rabi Hassan (SPS/16/PMN/00008)

Title: Mediating Role of Organizational Identification on the Relationship between Organization Justice and Employee Task Performance in Kano, Nigeria

Supervisor: Prof. Abdu J. Bambale

Internal Examiner: Dr. Murtala A. Ibrahim

(2) Ph.D Internal Defense

Name: Sulaiman Ibahim Kassim (SPS/16/PMN/00010)

Title: The Mediating Effect of Emotional Intelligence on the Relationship between Psychological Empowerment and Job Satisfaction among Lecturers of Universities in Kano State

Supervisor: Prof. Abdu J. Bambale

Internal Examiner: Dr. Muhammad B. Sani

(3) Ph.D Internal Defense

Name: Hudu Gambo (SPS/17/PMN/00008)

Title: Mediating Effect of Investment Decision on the Relationship between Capital Structure and Firm Financial Performance in Nigeria: Focus on Consumer Goods Companies

Supervisor: Prof. Aminu K. Kurfi

Internal Examiner: Dr. Aminu B. Muhammad

(4) Ph.D Proposal Defense

Name: Musa Kallamu Hassan (SPS/17/PMN/00019)

Title: Mediating Role of Job Satisfaction on the Relationship between Leadership Styles and Organizational Citizenship Behavior in Nigerian Health Institutions

Supervisor: Prof. Mukhtar Halliru

Internal Examiner: Dr. Ahmed A. Maiyaki

Date: Friday, 8th October, 2021

(5) Ph.D Internal Defense

Name: Raimi Adoke Hameed (SPS/17/PMN/00005)

Title: Lease Financing and Financial Performance of Listed Manufacturing Companies in Nigeria

Supervisor: Prof. Aminu K. Kurfi

Internal Examiner: Dr. Aminu B. Muhammad

(6) Ph.D Proposal Defense

Name: Ibrahim Ahmed (SPS/17/PMN/00006)

Title: The Moderating Effect of Co – Worker Support on the Relationship between Training Effectiveness and Employee Job Performance in Gombe State University

Supervisor: Prof. Abdu J. Bambale

Internal Examiner: Dr. Ibrahim G. Muhammad

Chairman: Prof. Aminu K. Kurfi

Time: 10am prompt

Venue: Conference Hall, Aminu Dantata School of Business.

Department of Microbiology: M.Sc. Final Seminar & Ph.D Progress Seminar

Date: Wednesday 6th October, 2021

Time: 9:30am prompt

Chairman: Prof. A.M. Magashi

Venue: New Microbiology building complex, Upstairs

Lab

M.Sc. FINAL SEMINAR

Presenter 1: Fatihu Ahmad Rufa'i (SPS/18/MMB/00087)

Topic: Assay for antitrypanosomal activity of tetracycline and extracts of *Wonder kola*, *Gercinia kola* and *Zingiberofficinale* in comparison with suramin.

Supervisor: Prof. M.D. Mukhtar

Specialization: Medical Microbiology

Presenter 2: Husna F. Ibrahim (SPS/18/MMB/00008)

Topic: Utilization of fungi for the enhancement of bioseparation and dewatering of domestic wastewater sludge.

Supervisor: Dr. Sani Yahaya

Specialization: Environmental Microbiology

Presenter 3: Ibrahim Hussaini (SPS/18/MMB/00025)

Topic: Plasmid profile and curing analysis of Multidrug resistant *Pseudomonas aeruginosa* isolated from hospital wastewater and downstream communal wastewater network.

Supervisor: Dr. Sani Yahaya

Specialization: Environmental Microbiology

Presenter 4: Aisha Abdullahi (SPS/18/MMB/00002)

Topic: Amino acid composition and plant growth activity of hydrolysate produced by degradation of different feather by feather degrading bacteria.

Supervisor: Dr. Ibrahim Yusuf

Specialization: Environmental Microbiology

Presenter 5: Maryam Iliyasu Shua'aibu (SPS/18/MMB/00006)

Topic: Isolation of cellulose degrading bacteria from gut of *Reticulitermiflavipes* and evaluation of their cellulolytic potentials for bioethanol production.

Supervisor: Prof. A.H. Kawo/Dr. Ibrahim Yusuf

Specialization: Industrial Microbiology

Presenter 6: Hafsat Yahaya Bala (SPS/18/MMB/00010)

Topic: Bioremediation of heavy metals by immobilized bacteria using biochar as a carrier.

Supervisor: Dr. Sani Yahaya

Specialization: Environmental Microbiology

Presenter 7: Fatima Zahra Idris (SPS/18/MMB/00079)

Topic: *In-vitro* determination of antibacterial effect of *Cinnamon verum* bark extracts on clinical multi-drug resistant bacteria isolates.

Supervisor: Dr. Habib Usman A.

Specialization: Medical Microbiology

Ph.D FINAL SEMINAR

Presenter 8: Aminu Yusuf Fardami (SPS/17/PMB/00024)

Topic: Screening and characterization of biosurfactant produced by bacteria isolated from hydrocarbon contaminated soil and its application on heavy metal and biocorrosion mitigation.

Supervisor: Prof. A.H. Kawo/Dr. Sani Yahaya

Specialization: Environmental Microbiology

Ph.D PROGRESS SEMINAR

Presenter 9: Tukur Wada Panda (SPS/17/PMB/00002)

Topic: Molecular speciation and susceptibility pattern of multidrug resistant *Mycobacterium tuberculosis* complex to first line anti-TB drugs in Northwestern Nigeria.

Supervisor: Prof. D.W. Taura/Prof. Muhammad Yusha'u/Dr. Aishatu Aminu Ibrahim

Specialization: Medical Microbiology

Department Of Nigerian Languages: 2019/2020
