The Congregation noted that the steps taken would strengthen the security situation.

The Congregation, however, reiterated the need for deployment of technology in securing the University environment.

The Congregation also commended the University Management's concern to improve the general welfare of staff and students, citing promotion exercise and the employment of 125 students to serve as part time workers, as well as provision of municipal services as clear examples.

In his remark earlier, the Chairman of the Congregation and Vice Chancellor, Professor Sagir Abbas, spoke on administrative matters, academic activities, financial issues, welfare of staff and students, as well as physical developments.

The Vice Chancellor said the University Management had sought intervention from Federal Ministry of Works for the intervention of 3.3 m road project, two 11 KV and one 33KV transformers, as well as pedestrian bridge opposite New Campus gate. The Vice Chancellor appreciated the gallant effort of the two Africa Centres of Excellence in the University, Centre for Dryland Agriculture (CDA) and Africa Centre of Excellence for Population Health and Policy (ACEPHAP) on their recent performance at mid-term review of the ACE project in which the two centres were rated high.

“With 48% achievement of the entire project deliverables, CDA was rated one among all 17 Nigerian ACEs, while ACEPHAP with 37% was rated third overall and the first among the new centres in Nigeria. We are expecting the two centres to get additional funding after mid-term assessments,” said the Vice Chancellor.
